

Police List 20 Rules for Safe Driving

Police and sheriff's officers have recommended 20 steps for safe driving with the slogan, "Drive Carefully... the Life You Save May Be Your Own."

- 1—Obey speed limits. Slow down at night and for hazardous road, traffic and weather conditions.
- 2—Respect the rights of other motorists. Be ready to yield the right-of-way at all intersections.
- 3—Yield the right-of-way to pedestrians in crosswalks. Do not pass a car that has stopped to permit a pedestrian to cross.
- 4—Come to a complete stop at stop signs and observe stop-and-go signals.
- 5—Heed signs and pavement markings warning of grade crossings, no parking zones, pedestrian crossings, curves, hills and intersections.
- 6—Be especially alert at rail-road grade crossings. Look listen—and stop if a train is approaching. Watch for a train on the second track.
- 7—Overtake and pass other cars only on the left side on two lane highways. Be sure the road is clear.
- 8—Stay on your own side of the road at intersections, grade crossings, no passing zones, and at hills and curves where the view ahead is not clear.
- 9—Stay in line on wide highways, changing lanes only when necessary to pass or turn. Do not straddle lane lines.
- 10—Make all turns from the proper lane—right turns from the lane nearest the curb, and left turns from next to the center line.
- 11—Use arm signals for right and left turns and for stopping and starting.
- 12—Start from a parked position only if the way is clear.

Cartoon Books Blamed for Bad Reading Habits

Adaline Hess, librarian in the children division of the county public library, declared that "comic books develop very bad reading habits among children."

"The format is very bad," she explained. "The colors are highly concentrated, and children do not read on a straight line such as on a printed page."

She added that the problem is serious because 60,000,000 comic books are sold monthly throughout the nation, and these are read by 70,000,000.

"Ninety percent of the children between the ages of eight and 12 read comic books," the librarian revealed. "Many children will exchange a jelly sandwich for a comic book."

- 13—Follow other vehicles at a safe distance. Allow at least one car length for every ten miles per hour of speed.
- 14—Watch for school zones. Be especially alert for children who may dash into streets in residential districts or behind parked cars.
- 15—Keep your brakes, lights, windshield wiper and other safety equipment in good condition. Check them often.
- 16—Do not increase your speed when other cars want to pass you.
- 17—When you need to stop on a rural highway, pull entirely off the pavement.
- 18—If you have an accident, notify the nearest police immediately.
- 19—If you drink, don't drive; if you drive, don't drink.
- 20—Devote all your attention to your driving. Look well ahead. Expect the unexpected at all times.
